

Training Needs Survey for Adult Education Management system.

We were delighted that over 100 people took the time to complete our Training Needs Survey.

66% of respondents expressed the desire for additional training, which we believe will definitely help users to get the maximum out of the product.

Training Needs Survey Jan 2009

During February we will be developing the facility to enable people to register for these courses directly from our website.

Feedback on previous Training Courses

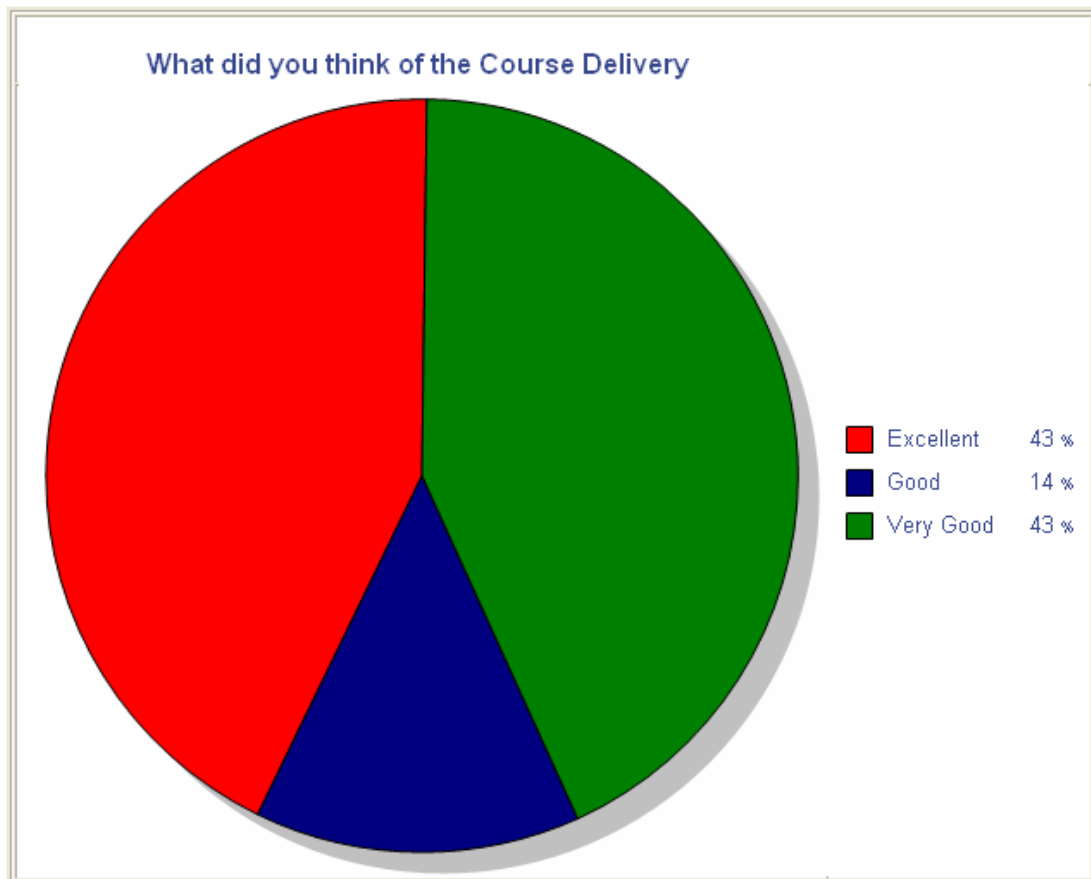

At the end of every training session we undertake feedback survey to ensure the quality of our training is maintained.
Below is a sample of recent comments.

“Training delivery was excellent. Facilitator listened patiently to our ideas and answered our questions comprehensively.. I feel extremely confident to start using the system. Facilities were excellent. “

“Very happy about after sales support”

“Very helpful informative and well designed. The willingness to be so flexible in design is of great benefit.”

“Excellent training giving plenty of time to try out practical tasks. Thank You!”
